

**THE BUSINESS
OF LAW**

Randy Frisch

The San Diego-based **Air Law Institute** presented the first Air & Law Symposium at **California Western School of Law** and at the **San Diego Air & Space Museum**. It featured top speakers from the aerospace industry and legal community, who covered topics including integration of unmanned aircraft into the national airspace and the commercialization of space in the 21st century. The keynote speaker was **Linden Blue**, vice chairman of **General Atomics**.
