

KEY NUMBER TRANSLATION TABLE

2003 REVISION OF CIVIL RIGHTS

FORMER KEY NUMBER TO PRESENT KEY NUMBER

The topic CIVIL RIGHTS in the American Digest System has been extensively revised to reflect current developments in the law.

This table indicates the location, in the revised topic, of cases formerly classified to the earlier Key Numbers.

In many instances there is no one-to-one relation between the Key Numbers, new and old. This table recognizes only significant correspondence. When there is more than one new Key Number to which headnotes formerly under a particular number have been reclassified, the new Key Numbers are listed in numerical order, with the most significant correspondence indicated in bold type. For the present classification of a particular case, see the Table of Cases.

The absence of a Key Number indicates that there is no useful parallel.
